WHO ARE WE

BROTHERS SUPPORT NETWORK

Disability Support Provider

Operating throughout South East QLD

Brothers Support Network is a group of vibrant, passionate young men striving to make a real difference in the lives of the people we care for.

OUR VISION

Our vision is to be a nationwide community of Brothers transforming the way disability support is delivered to young men. Our Brothers are true professionals who provide a service that changes the lives of those we care for.

WHAT WE DO

We provide a service to the disability community that is invaluable. We build relationships based on the foundation of a big Brother and mateship. We genuinely want to make a difference and help the clients in our care to live their best possible lives.

Our support is based on helping our clients pursue their passions and feel a sense of purpose. Helping our Brothers live their lives, smashing goals.

WHY WE STARTED

MEET OUR FOUNDER – MAX GOW

In 2020, he began his journey as a support worker whilst playing rugby and working part time as a coach with QLD rugby. After being injured , he ended up having to take a year out of sport following multiple shoulder surgeries.

Through Max's own life experience he learnt the importance of mateship, connection and healthy role models to lean on and learn from. Max had a vision of creating a community where everyone felt connected and part of something meaningful, regardless of any perceived disability.
